

### Remarkable Achievements By Inglewood Lions Recognised

Congratulations to Pat Julian on being awarded The Melvin Jones Fellowship Award. In Lions this is the highest form of recognition and embodies humanitarian ideas consistent with the nature and purpose of Lionism, a truly most remarkable achievement. The Lions movement may be celebrating 100 years of existence and community service but our Pat is also celebrating 50 years as a Lion, but not only is that cause for celebration but it is a much more, Pat was the Charter President of the Inglewood Club and now 50 years on the Inglewood Club has conveyed their huge respect and admiration of his achievements by electing Pat their President for their 50th Anniversary year. This may have occurred before but is apparently unprecedented.

At the convention more surprises still for Inglewood Lions members; Gordon Watson, the Convention Chairman was given the District Governors Award for the excellent work and commitment in organising the convention; George Buchanan was presented with the Lions International Presidents Award in recognition of outstanding service to the Lions organisation and Frank Bennett was awarded The Lloyd Morgan Lions Club Charitable Trust Award for outstanding service to the Lions organisation or the community.

### A Time To Celebrate And A Time To Say Farewell To Kaimata W! (Kaye Corlett)

Kaimata Women's Institute held its final AGM on 1 March. The membership of the group has dropped over the past few years and with the departure of our long serving President Leah Laurence we decided it was the right time to close. Leah is leaving Kaimata after many years service to the community and Women's Institute, both locally and at Federation level. Her contribution to Kaimata has included involvement with the school, jubilee and hall as well as her willingness to help out, raise awareness, and work with dedication for women in rural areas.

It was Leah's privilege at her final meeting to present Margaret Ritchie with her 60 year badge. It is wonderful to see Margaret's commitment to Women's Institute for 60 years. Margaret has fond memories of the Arts Festival Group that participated in choir, dancing and plays. She reminisces of the times they had singing "Carmen Gibbins was the instigator of a lot of their fun". She enjoyed taking part with women such as Hope Martin, Margaret Riley, Sharon Hibell, Dawn Stewart, Angela Clements, Robyn Fredrickson and Lesley Herlthy. Margaret particularly enjoyed the monthly competitions for things like best bloom. Those who know Margaret will know that she is a keen gardener and has produced some beautiful floral displays over the years as well as winning awards for her knitting and sewing. For Margaret the companionship of the group has been what kept her attending for 60 years. When Margaret started, the group from sport that was one of the few opportunities for the rural women of Kaimata to get together. The group enjoyed afternoon tea at host Lesley Herlthy's house in true rural fashion with pikulets and jam, cakes and sandwiches.

### Editor's Comments

As we move into a busy season with events, sports, work, school etc remember to take a breath. We seem to rush from one thing to another without taking time to savour and enjoy our achievements. Sometimes we take on too much and push ourselves to the limit which is no good for anyone. We are especially bad for this with our children. While we all want our children to achieve and be the best they can be, they can still do this without having to be involved with everything going. What we really want is well rounded children that turn into adults that, yes, still succeed, but are able to cope with what the world throws at them with strength and positivity.

### Shade-by-The River

Mankind's never ending search for knowledge and information never ceases to interest and sometimes amuse me. Recently scientists have released the information that they have found some planets around a red dwarf star some forty light years away. These planets, they reckon, are likely to have developed some form of life as they have similar conditions to Earth and could have water. Let's put this into perspective. A radio message it will take about forty years to get there. If they have a similar intelligence and can decipher our message, it will take another forty years to get back and someone has to be listening and able to decode their message. The Voyager space probes travel at a colossal speed but it would take them about 700,000 years just to get there, so that is a 'no go' for any mission to go and visit. It is just like the theories of 'black holes' that suck in any form of matter that comes near them, and the 'big bang' theory that takes a lot of imagination to believe, but who can dispute that? When people believed that the world was flat, it became possible to disprove them by sailing off into the distance. Now scientists know that their theories cannot be checked out, so they remain just theories. It is time that science looked at more immediate problems to ensure that there will be many more millennia here, instead of things that we cannot influence, or gain benefit from.

Food for thought, eh?

Niels' songs home in on life and love and the things that matter and have been played on National Radio and on radio stations in London and Washington. He's a saxophone entertainer having performed throughout New Zealand in acoustic music and folk clubs, pubs, cafes, cultural centres, art galleries and at festivals, and also in the UK, Fiji, and France. Radio NZ reviewer Nick Bollinger describes Niels' second CD, *Mau's Whale*, this way: "It's a CD full of beautiful playing and personal yet universal songs that draw on timeless traditions of gospel, folk music and blues". He draws on country and soul music too.

Several of Niels' songs are on YouTube, and many are located in our own Aotearoa/New Zealand. You can see the mountain, hear the waterfall and watch the hatching in the words he chooses. Leonard Cohen or Paul Simon, he writes from the standpoint of a poet, making every word count. As a professional performer, he is also a quality singer and fingerstyle guitarist. Niels' CD's *Mau's Whale* and his most recent, *Southern Land*, will be available at the show.

Niels will be supported by the distinctive voice and wit of everyone's favourite Irishman Roy McGuinness who is set to cause po-faced creatures to laugh out loud, involuntarily. He can also move the audience deeply with classic songs from the heart of Ireland. Beautiful. Together for one night only in Inglewood and not to be missed.

**Lions - What A Celebration** (Viv Adamson)

The 2022 107 Lions Convention hosted by Inglewood was a celebration full of surprises for the 275 people who attended. Friday night at the opening flag ceremony, Inglewood Junior Lions members Angela Wells and Cody Hux carried in the Lions International flag. Keynote speaker was Andrew Bell, executive director from the Fred Hollow Foundation, which has the vision of a world where no one is needlessly blind.

Inglewood President Pat Julian, 2022 DG Charles Thurston, 2012Q PDG John DW Muller and 2024HD Council Chairman Nalini Bhaskar cut the Centennial cake. Baked by Inglewood Lions member Wendy Chene.

Saturday morning saw the business session where partners went sightseeing. Guest speaker was Lions Clubs International's John D W Muller OAM, a PDG from Queensland. Global membership Team Constitutional Area 1 Leader. A hagi lunch was served before the Inglewood Street Parade which began at 2.00 pm. High commitment from all the 2022 Lions Clubs saw 36 out of the 38 clubs represented either with a float or marching for their club. The 2022 Lions District covers Raghuvi in the east, Urenui in the north and Foxton in the South. Placings were 1<sup>st</sup> Toko "Topp Lions Service", 2<sup>nd</sup> Inglewood "Maize Maze Scarecrow", 3<sup>rd</sup> Normandy "Daffodils".

Thanks to the public that came along and supported the parade.

Saturday night's dinner and dance at the Devon Hotel saw everyone getting into the spirit of things and come dressed up in clothing from the 1920's era on. Sunday was the Remembrance Service and Rededication at the Inglewood Town Hall. It was a time to reflect and remember thirteen members who have past away in the last year. It was a special time to remember the late Bernice Loveridge, a Inglewood Lions member who was remembered for her outstanding work and commitment to Lions.

The convention ended with lunch and fellowship. Fun Hol Toys/Play got all the businesses that helped with sponsorship. Congratulations Inglewood Lions on a memorable convention and street parade. Thanks sponsors: Fowler Homes, Transit, Donaghy's, TQM Creative, Farmlands, FMG, Mire 10 Mega, Venture Taranaki and The Devon Hotel

### Pilates Is About Self-Love (Philippa King)

**PILATES**  
FOR LIFE

ON THE  
BURNING

The number one question Tim asked is "Will Pilates help me lose weight?" My answer is always "No," followed quickly by "Not on its own." Some don't like that answer. I don't either, but it is 100% true. None of exercise will make you lose weight all by itself. Sure, the more you exercise, the more you burn. Exercise is about enjoyment, strength (whatever shape), flexibility, balance, endurance, and proper movement.

In a world where so much importance is placed on what we look like, it would create a space for strength of body and character are more important than what we wear or have. Weight loss/maintenance is a subject well beyond a one-answer question. It is complex and multidimensional, and goes beyond calorie burn or calories burned. There are conflicting statements and evidence. This is on an area where "one size really does fit all." We all want an answer NOW!

In lots of respects exercise (and our relationship with food) has a habit of revealing our true selves: Do we choose to challenge, or do we give up easily? Do we strive to do our best, or do we just enough to get by? Do we bolt out of the blocks, or pace ourselves to make it to the end? Ultimately – find something you enjoy. Love every bit of it. Be strong whatever your shape. Even if you're still – yes! – still beating the ones on the couch!

**Community Board News (Karen Murati)**

You may have noticed some activity happening at Fritz Reuter place - next time you are passing by stop and take a closer look. Council are giving the historic CBD reserve a makeover. The seats have been cleaned and stained, structures painted and all the moss and mould removed from the pavement.

The Board have noted conversations with the Council with some great ideas for improvements such as the need for disability car parking outside the Town Hall and have also noted some distress about the state of the cemetery. We would like to encourage the community to log these requests with council: Phone 06 759 6060 or send service request ID 12345. (That is true, or you can also contact them via [info@townofwarrnambool.vic.gov.au](mailto:info@townofwarrnambool.vic.gov.au))

Thanks to those that have completed the online and hardcopy surveys. A reminder that the survey will be available until 31<sup>st</sup> March. For those that have taken hardcopies – please don't forget to fill them out and return them to the Council or to the Community Board or to the Ingwood Bookshop.

A Reminder that the Community Information evening is to be held on Monday 20<sup>th</sup> March, 7pm at the Ingwood Town Hall upper room. All members of council representatives available to answer questions and this forum will offer the community the opportunity to put forward their views on the town's brainstorming session. A cup of coffees will be available to help keep you focused. We hope to see you there.
