## MERRY CHRISTMAS FROM THE MOA MAIL

## PRIMO

**Born in Inglewood, Huge in Taranaki**

Primo broadband may have won Taranaki's top business award last month, but it didn't stop the humble, with two gamers sending a wireless broadband signal across Inglewood. One of those gamers was Matt Harrison, who started Primo in 2006 when farmers from around the town asked if he could hook them to wireless broadband as their internet was so bad. Matt obliged and has built Primo into a leading Taranaki-wide network reaching over 4500 customers from Mokau to Patea, right around the mountain and inland to Whangamomona.

He says picking up the Supreme Award at the TSB Taranaki Chamber of Commerce Business Excellence Awards has been a vindication for the firm and the hard work the team has put in. But he says it only happened because the community has been a player in getting the company going and supporting it.

To say thanks, and acknowledge that support, Matt and wife Janine decided to take the prize money from the awards (which included best medium sized business, technical, and business continuity) and divide it up among ten local charities.

"We are still your 100 percent locally owned and operated broadband provider and we promise to continue to support you as we grow along with our region's telecommunications needs," Matt says.

The full list of charities will be put on the Primo Facebook page.

Above: The owners of Primo with the trophies from the recent business awards, from left, Dianne and Jason Holton, and Matt and Janine Harrison

**SH3 Inglewood to Midhirst Roadwork's Complete**  
(Ella Roche)

**WAKA KOTAHI** NEARLY 4,000 CONES

**Downer** and road signs have been roadwork from State Highway 3 between Inglewood and Midhirst, with work to rebuild several sections of the road now complete, and the detour removed.

Only one small site remains as crews work to complete the finishing touches at the Norfolk Road intersection. The past two weeks were challenging, with crews unable to seal the final site due to the wet weather. However, a fine spell allowed for sealing to commence on Thursday and Friday last week, enabling the removal of the detour.

The works are still subject to a temporary speed limit. As is the case with all new seals, to allow it to set properly and ensure longevity of the work, it is crucial that road users adhere to all temporary speed restrictions in place. The work was scheduled to take twelve weeks, but was completed in an eight-week construction period, despite pausing for Labour Weekend and the Taranaki Garden Festival. Work along the 16km site included: Four granular renewals, seven resals, fifteen maintenance patches. These would have each required their own stop/go site, had the detour not been in place. We really appreciate your patience and understanding during the works. Wishing you a happy holiday season and an enjoyable journey on your new piece of Taranaki State Highway!

**Athletic Club News (Sandra Moratti)**

One more night, tonight Wednesday 15 December, of Athletics down at the TET stadium for the first half of our year. Young and old out there enjoying themselves. This Wednesday we had a little three-year-old run 400m (which is right around the track). Just had to do it as her elder siblings were doing it. Who would have thought this could be done...? Once she finished, she said "Again!" We have 14 young athletes going down to Colgate's in January and we wish them good luck and safe travels. We thank all those who help us every Wednesday along with the parents. Many hands make light work, but actually the events could not take place without everyone helping out. We re-open on the 19 January 2022 and look forward to see everyone back. Remember your registration goes right through to March 2022. Please remember your vaccination passes and signing in. We wish you all a Merry Christmas and a Happy New Year.

We will see you in the New Year. Next Issue published Wednesday 12 January 2022, deadline before noon Friday 7 December

**Restore PG Nops Reserve News**  
(Leigh Hamner)

Our November working bee was the last one for 2021. We welcomed new volunteers Bob and Karen Schumacher. Nine of us spent two hours clearing around the native plants we planted this winter and spring. In some places the weeds and grass were already waist high! There was the usual array of weeds to remove: Wild Cherry, Wandering Willy, Hydrangea, Convolvulus and Montbretia. Many wool sacks were filled for New Plymouth District Council to collect. We serviced the three traps set within the reserve to kill stoats, weasels and rats. These will be checked monthly on a roster system. The next working bee is Sunday 30<sup>th</sup> January 2022 1.00-3.00pm. Meet at the Tawa Street entrance. All welcome.

If you would like to know more about our activities call Neil Chesterton on 027 221 7712.
