

Inglewood Jiu-Jitsu Compete At Oceania's

On the 20th February thirteen competitors made up of nine children and four adults from Inglewood Brazilian Jiu-Jitsu headed to Auckland for the first Oceania Jiu-Jitsu Competition to be held in New Zealand. They had a great weekend, competing against people from over fifteen countries. Fourteen medals were brought home with six bronze, four silver and four Oceania titles. The Team would like to say a big thanks to Coach Troy Tahiaoa for the time and effort he has put into getting everyone ready. The club has grown largely since its opening in April 2014 with over 50 plus members. If your interested in trying Jiu-Jitsu check out the Facebook page Inglewood BJJ for info.

HAMMER
E.D. & M.A.R.T.E.

Time flies, and now we are into March, the first month of Autumn, can be quite a busy time in the garden. Harvesting produce, boxing fruit, tidying up spent crops, and replanting vegetable beds, to get them a head start before cooler days arrive.

Autumn is a lovely time of the year, but with it there are always a few issues that we have to contend with. Cabbage white butterflies are still a threat and they'll swoop on any winter brassica seedlings you might be planting right now. Keep an eye on broccoli, Brussels sprout, cabbage, cauliflower and kale for small, oval-shaped, yellow eggs on the underside of leaves. If left to their own devices, caterpillars will soon start munching through leaves and small seedlings can be stripped of leaves in a few days. These vulnerable plants can be protected from butterflies with fine netting stretched over hoops or sticks – butterflies will be able to see but not touch.

Powdery mildew may appear on plants of zucchini, cucumber, squash and pumpkin. Remove affected leaves immediately and shrubs and vines are a target for birds, so cover some of your plants with mesh can help to keep the birds off your produce until you have harvested. Hang shiny objects such as tin foil and old cds, even the non-helium numbers that are left over from your birthday can be strung around crops such as peas and corn. When your harvest is mostly collected take away mesh and deterrents and allow birds to do a tidy up for you.

Next edition, watch out for the great pumpkin weigh in details, until then, keep feeding and watering them where you can. Happy gardening.

Sentry Hill Cattery

Comfortable modern facility in a lovely rural setting, with the option of large family units, individual units or semi-communal accommodation.

Spotlessly clean, with plenty of fresh air and natural light. Safe and secure with both indoor and outdoor play areas.

Open 7 days 8am-10am & 4pm-6pm

Rainfall for February 2020 (Mary Boekman)

Rainfall for February 2020:	121.5mm
Rainfall for February 2019:	71.75mm
No of rain days for February 2020:	7
No of rain days for February 2019:	10
Total rainfall so far for 2020:	178.25mm
Total rainfall for 2019:	2476.95 mm

boost plants with a liquid feed. Fruit-laden trees, shrubs and vines are a target for birds, so cover some of your plants with mesh can help to keep the birds off your produce until you have harvested. Hang shiny objects such as tin foil and old cds, even the non-helium numbers that are left over from your birthday can be strung around crops such as peas and corn. When your harvest is mostly collected take away mesh and deterrents and allow birds to do a tidy up for you.

Next edition, watch out for the great pumpkin weigh in details, until then, keep feeding and watering them where you can. Happy gardening.

Lions News (Viv Adamson)

The season for the Tararaki Maize Maze which is operated by the Inglewood Lions is nearly over for another year. Members have been busy doing track maintenance and all the other necessary jobs to make this project happen.

If you haven't been through the maize maze this year you had better not leave it too long. Keep an eye on our Facebook page for opening days and hours and also the date for the Frigate Night.

For further info on the maze ph James Cakes 0274553964 or Lions info Dwayne Schmanski 0278865933

Editors Comments

We as a community are a pretty down to earth bunch, I guess that is just the way we'll be right', mentality. With the coronavirus (COVID-19) being one of the foremost topics of conversation at the moment it seems that we are taking it in our stride, as we should be. Not panicking and using common sense. From my understanding as that average everyday person is that common symptoms are fever, tiredness, and dry cough. That about 80% recover from the disease without needing special treatment. Older people, and those with underlying medical problems are more likely to develop serious illness and need treatment. The virus is mainly transmitted through contact with infected respiratory droplets which then can be transferred by touching your nose and mouth with the infected droplets. So wash your hands and avoid touching your eyes, nose and mouth too much.

Philippa Peters - Editor

Shade-by the River

One good thing about having overseas visitors is that you get to see more of your local area as you take them out for a ride. Today we took the road to Tarata and then decided to carry on out towards Purangi. I decided that we would travel on that road until the seal ran out and we went much further than I remembered from the last journey along that route quite a few years ago. The seal ran out and we continued about a kilometre before we turned round and headed back. It was a really good ride out.

We hear on television that country people die on country roads; well if what we saw is normal, I am not surprised. We were going along at a steady pace and a car came heading towards a blind corner towards us. It was a good job that the two heavily laden cyclists were a bit further along as the driver would not have had a chance of stopping. It all ended well and nobody was hurt – this time.

We turned right and went on through the tunnel towards Waitara. It is a lovely drive on a quiet road. Going through the tunnel made me think of the pioneers who dug the tunnel with pick and shovel. I wonder how long it took. Onwards, with a stop at the Todd's Look site and our visitor was able to get a good look at the whole thing from the viewing platform. We travelled on through Tikorangi to the Waitara bypass and back home by way of the main road.

Food for thought, eh?

Inglewood High School PTA
(Anne-Maree Lacey)

Inglewood High School PTA is a small committee made up of parents and a staff representative who meet once a month.

We can help the school to enhance learning objectives and to purchase items that do not fall into existing budgets for departments. All this helps the students learning and school experience.

Over the last two years we have purchased an IHS branded Gazebo, financially contributed to sports uniforms, travel expenses for teams travelling to Tournament Week, Y13 Tourism/Geography Trip, Y9 and Y10 Lead Conference, Chess equipment for our Library and Cricket Gear for our two Cricket Teams.

Our major fundraiser this year is a Quiz Night to be held on Friday 27th March 2020 in the School Hall at 7.00 pm. Contact Anne Jonas 0274615257

Experience Purangi News
Cycle Of Giving (Karen Morast)

On the 'cycle of giving' topic, we think this is a cool story! One of the items on our wish list for our project field work is PLB's (Personal locator beacons). Taranaki Rescue Helicopter Trust were offering a prize of a PLB kindly donated by Methanex NZ Ltd. The recipient of the prize then said that she would like to donate the PLB to a worthy cause and named our Trust as a preferred recipient!

Thank you Brenda Ward for your generosity and your kind words of support: "I hope the Trust can put it to great use. Please pass on my thanks for all the hard (and often unrecognised) work they do. We do appreciate the special unseen gems in our community that make Taranaki such a magic place to live". If you would like to support us by sponsoring something on our wish list please visit: <https://www.experiencepurangi.co.nz/campaigns/> or call in.

Durham WI News (Christine Fitz - Patrick)

Our Institute car rallies are always great fun and this one was up there with the best. Past President Valma Hirst had organised another challenging event for her keen participants. The weather was perfect this time and the country roads picturesque and meandering as we headed in the direction of our impressive mountain. Poor Janice was the delegated 'runner' in the car and once I realised that kilometres covered were part of the points criteria there was no back tracking by this vehicle if we missed a vital clue. Her tramping stamina put her in good stead as did her persistence when she knew there was more to be done than to be carried out at a particular spot. Maureen was invaluable in the front seat with her keen eye for detail and accurate counting ability. Once we had completed the pages of questions as best we could we arrived at our dinner destination where Valma had prepared a delicious buffet. As our results were discussed it was interesting the things that were missed by some but had seemed easy for other teams. An excellent evenings entertainment.

EGMONT VILLAGE SCHOOL

Come Along to Egmont Village School's Gala (Jayne Wicks)

The School Gala is happening this year on Saturday 21 March, 1.00pm to 2.00pm. The gala is a wonderful opportunity for the wider community to come together, to chat with friends, enjoy the sunshine and buy a bargain or two, definitely something not to be missed. With a range of fun to be had including Zorb Balls, 4x4 rides, the Dairy Master Train along with all the good old favourites of the white elephant stall, quick fire raffles and so much more. Come along grab some lunch while the kids are being entertained, relax and catch up. The Gala is a major fundraiser for the year, all money raised through this event is used to fund ongoing projects and support the school.
