

Fresh Local Strawberries Ready To Eat

Elizabeth Fyran and her family have owned their property on Peters Road, Kaimiro, for almost two years and during that time she has hoped to grow spray-free vegetables for her family with the ability to sell to the surrounding community. The battle of the wind and rain saw the destruction of many crops yet her success in growing strawberries was the one thing that made her decide to open a strawberry farm as she saw the Ingwood/Egmont Village community didn't have a local berry farm. This is her first year and she's growing one acre of strawberries with the hope of supplying the local community with delicious, freshly picked strawberries. The fruit is ripening well and there is plenty for sale in many sizes, along with fresh fruit ice cream. Kaimiro Farm is located at 50 Peters Road, Kaimiro, and is open Wednesday to Friday 10.00 to 4.00pm and weekends 9.00 to 5.00pm.

Taranaki Bulls definitely deserve their spot in the Championship Final this weekend being undefeated this year. They will be taking on Otago down at TET Stadium.

In Ingwood, Last weeks semi-final was a tight one with Southland giving it their all. Currently the weather forecast is for sunshiny, a bit of a contrast to last weekends game.

East Taranaki Environment Collective A New Brand and an Exciting Delivery

(Karen Horvath)

Some exciting news...after several years of marketing ourselves as Experience Purangi, we have now rebranded ourselves the East Taranaki Environment Collective.

There are two major reasons behind this change. First, it's because our operational area is expanding to the extent it doesn't just surround the Purangi area anymore, but now extends as far south as Te Wera – and that's a large area of hill country that runs all the way from east of Waikato to east of Stratford.

And second, to do justice to this expansion we are collaborating with a growing number of organisations and individuals that are all dedicated to protecting and enhancing Taranaki's ecosystem and biodiversity.

In other words, we're progressing away from being an 'experience', and more towards being part of a 'collective'. Our legal Trust name will remain East Taranaki Environment Trust.

Our outreach has also coincided with a very special delivery the team were thrilled to receive! Mazda Foundation New Zealand have been very generous in supporting the project with the sponsorship of a BT-50 ute.

Our efforts for our project will now be a lot easier – and a lot more visible – thanks to this new sponsorship partnership and we think it looks amazing.

(Bernie Hucker)

Thursday 28 October saw Harley Bell and Carlen Payne-Hunt head to New Plymouth to participate in the Taranaki Intermediate Indoor Bowls tournament. Yung for a spot against fourteen other teams.

The Boys hadn't played together since last year but it was the second nature once they took a knee on the mat and placed their first bowl. The team went through the round robin with three wins and one loss. Getting that far was better than any of our previous teams had. Then to find out the boys had beaten a combined team from Kapego to make it to the finals, we back at
