

**Inglewood High School News** (Rosey Main - Principal)

We are excited to announce that we have taken over the lease of Dudley Road school (this is until the end of 2025). With a growing school roll and a shortage of teaching spaces, this is an opportunity that is a win-win for the school and the wider community. We have long been aware of the need to provide a different approach to curriculum delivery for the growing number of students who find mainstream schooling challenging in a number of ways. An extension to our school site is going to allow us to be creative about finding ways to assist them in their learning and prepare them for the adult world. This extension has been given the name Te Pakupaku Araohu o te Moa: the moa's gatebook. Featured on our school crest is the Book of Learning and this name is a direct reference to that. We see this opportunity as a real life 'book of learning' - a way for our rangatira to grow, learn and flourish. It is envisaged that Te Pakupaku Araohu o te Moa will be a resource used by all the teaching staff, as well as the group of students who will spend the bulk of their school day on site, what that looks like is dependent on the imagination of staff and students. Over the next six months and in conjunction with the Dudley Hall Committee we will be undertaking some refurbishment work in order to be ready for action at the beginning of 2024. At this stage, the core teaching programme to be delivered at Te Pakupaku Araohu o te Moa, in 2024, will be for a maximum of 12 students from Years 9 and 10. Selection will be in consultation with parents, teachers (from both IHS and the students' contributing school) and of course, the student themselves. Over the next six months we will be making some modifications to one of the classrooms and appointing the two staff who will run the programme. We are more than grateful to the Dudley Hall Committee for their willingness to partner with us in this exciting venture. If you are interested in finding out more about Te Pakupaku Araohu o te Moa, please contact the Board Chairman, Mf Cook, or any member of the school's Senior Leadership Team: Rosey Main, Francis Leslie-Eale, Ben Horne and Gareth Hudson.

**Moa Mail Comments**

What a great use by Inglewood High School of the old Dudley Road school. With the closure of many rural primary schools a few years ago. Many because of neglect, or being land banked, have fallen into disrepair or worse, outright demolition. Dudley was lucky, it had a proactive community which managed to keep it from this fate. Now it is heading back into being a learning centre, a great rural setting, with Mt Taranaki mountain as its backdrop. And what a fitting name: Te Pakupaku Araohu o te Moa (The Moa's Gatebook) lying into our district's history. Thanks for creative educators, not afraid to look for different approaches to learning and development. We wish you huge success, for your success is our success in having a healthy community.

**Durham Garden Circle News** (Janet Francisco)

Gardens are mostly sleeping at this time of the year. How fortunate are we in Taranaki to have the type of climate we have, influenced strongly by our maunga/mountain. A recent trip to Northland brought home the fact that Taranaki has a lot of winter colour, predominantly gained by the vast array of flowering rhododendrons, azaleas and camellias. For the Durham Garden Circle, May, June and July is a quieter period.

**Durham WI News** (Christine FitzPatrick)

Our July meeting was held at the home of Sid and Valma Hirst. Despite a reduced number of members in attendance, we managed to donate 16 lots of baking for the Inglewood District Nurses to distribute to patients. There were also some lovely knitted and crocheted items for various organisations. We also donated ten pairs of winter pyjamas for children and a much needed secondhand fridge for the Durham Hall. Valma had assembled various packs so we could construct a variety of greeting cards. They looked beautiful and quite professional after we put them together with her guidance and our own interpretation of her instructions. Several laughs later we catered during the Durham Hall for 47 members of the local Caravan Club which was well received and has become an annual event for them.

**MISSING CAT**

Pycho has been missing since June 12 from Upper Road Lower, Inglewood. He is 14 years old and has owners as an elderly woodworker, where he is and if he is safe. He is loved by his owners and his other furry friends. Please if anyone sees him or knows of his whereabouts please contact Lynne on 027 398 8995 Reward Offered

**New Fire Fighter Races Husband**

Fire Fighter Erin Wilson, is a student midwife and local dairy farmer with husband Mike, who has been a member of the Inglewood brigade for the last 15 years. "I always heard the siren sounding and watched my husband as he ran out the door to help," says Erin. "I decided that now our four children are older than me to give it a go myself."

"I have always had a caring nature and felt that I did give back to my community and also challenge myself." Erin attended the seven day recruits course at the National Training Centre in Roturua last March. "I was very nervous and had to push myself mentally and physically over those seven days." Covered: Horse Stills, Search and Rescue, Rural Fire, and a Live Fire. Erin has also completed the First Aid and MCV courses, making her a fully operational Fire Fighter. As well as all this Erin has time to enter "The Taranaki Toughest Fire Fighter competition", placing second in the Ladies category. We now have nine Ladies in the Inglewood Brigade. "It's an empowering environment as a female fire fighter to be surrounded by other women."

"Now when the sirens go, it's a race between me and my husband to get out the door."

**School Cleaning Contract**

Inglewood High School is looking to change its cleaning contract from late January 2024. We are looking for 3-4 people to clean the school five nights a week. Depending on numbers, we envisage this will take 5-6 hours each night. Our cleaning team will have exceptionally high standards of workmanship and attention to detail. They will be honest, trustworthy and able to work without supervision. There is some flexibility with the start time but hours would be 3:30pm - 9:30pm (approx) Monday to Friday during term time, with some holiday work available as well. Questions, expressions of interest and/or applications can be made to: [bazal.hayward@inglewoodhs.school.nz](mailto:bazal.hayward@inglewoodhs.school.nz). Applications require a CV with the names and contact details of three referees. Applications close 4.00pm Monday 21 August

**Inglewood First Fun Day** (Marisa Pearce)

About 100 Kids and parents attended Inglewood First Trust's Free Kids Holiday activity at the Inglewood Town Hall on Monday 19 July. This was the first time the Inglewood First Trust had held a holiday activity in the Town Hall. It proved to be a great success. Bumper Balls and Face Painting kept kids and parents entertained for three hours. Everyone thought it was worth repeating in the next school holiday.

**NPDC Extends Car Seat Recycling Scheme After Successful Trial**

A trial programme enabling families to recycle broken or expired car seats for free has been so successful, NPDC is extending it for 12 months. The cost of recycling the seats is covered by NPDC's Waste Fund and during the three-month pilot, 100 seats were recycled. "That's a lot of material that has been kept out of the landfill and will not be recycled in various ways," says NPDC Resource Recovery Manager Kimberley Hope. "We have a goal of recycling another 300 car seats in the next 12 months. NPDC is partnering with Baby on the Move in Inglewood, where the seats can be dropped off before they are sent to Seafarm to be recycled. Most car seats are made of many plastic parts, so the extension is timely as we head to the end of the international Plastic-Free July campaign."

Throughout the month, residents are encouraged to make one small change around the home or work by swapping out a plastic item for a reusable one. It could be as simple as carrying a reusable water bottle, putting sandwiches in a lunchbox instead of plastic wrap, taking reusable fruit and veggie bags to the supermarket. Having reusable food containers and cups when heading out for lunch or a takeaway coffee is also help out back on waste," says Kimberley. "The less plastic we use for everyday activities, the less that will end up in the landfill - every little bit adds up." We also supported local artist Lorelei Doherty's exhibition, 100 Days of Beach Cans, held earlier in the month. Lorelei received a grant from the NPDC Zero Waste Fund for the show which featured created from plastic she had collected from beaches over 100 days. Fast facts: NPDC's zero-waste initiative has the ambitious goal of no waste from New Plymouth District residents and businesses going to landfill. NPDC's Zero Waste Fund opens twice a year in March and September to fund projects that that promote, educate, or achieve waste minimisation in New Plymouth District.

**Inglewood Genealogy Group News** (Mary Bookman)

It's our 40<sup>th</sup> anniversary this year! The Inglewood Genealogy Group (also known as the Inglewood Family History Group) has been around in various forms, since 1983. It's now an Incorporated Charitable Society, allied with Stratford, and over the years we've amassed a good archive of family history books, files, maps, records and photos. Useful for researchers is finding what can be fitted into a six metre square archive! We love meeting our visitors who come in with (sometimes pretty curly) questions about Inglewood, or about their European and British ancestors, and our members have various areas of knowledge which can help them. We get internet queries from around the world too. Now we are hoping to expand our collection of Inglewood family histories. We know that some were published several years ago, and some we fear are no longer publicly available. So this is a southern border of Inglewood. You are welcome to come along to help restore weathered habitat for the benefit of future generations.

**NPDC**

**INGLEWOOD PUBLIC PLANTING**

NPDC and Pukerangiora Hapu are holding the first public planting of new open space at the southern border of Inglewood. You are welcome to come along to help restore weathered habitat for the benefit of future generations.

Date and time: 9am-10:30am on Friday 4 August if sunny or showers (will be postponed if rain is forecast).

Venue: access to the reserve is via the new bridge off Stanish Street, near St Patrick's School.

Bring: closed-in shoes and a spade, raincoat and drink bottle.

This is an NPDC Planting Our Place project.

Contact NPDC: P: 06-759-6009 E: [enquiries@npdc.govt.nz](mailto:enquiries@npdc.govt.nz)

### Marinoto Rest Home June 2023 Activities (Lyn Sweet -Activities Coordinator)

The month of June was once again busy with different activities. The residents had the opportunity to help make a made vegetable soup and watched the making of fried bread. This was enjoyed by all for tea that evening. They enjoyed it so much they want to do it again. Friday entertainment along with drinks and nibbles, is always popular too. I am currently introducing different exercises, and quizzes to keep the residents active in these cold months, which they appear to be enjoying, and are well attended. On Thursday 15 June we went to the Manksu Centre for a sing a long, which was enjoyed by those who went. Then Tuesday 27 June our current WITT Bachelor of Nursing students, who were on their placement at Marinoto, organised a really fun activity. This involved the residents and a group of preschool children and staff from Best Starts to join the residents in a game of Bat and Ballroom and a Parachute game. The room was full of colourful balloons and the laughter from the residents and children, could be heard throughout the facility. It really was a joy to see the engagement between young and old. Afterwards the children presented the residents with pet rocks for their rooms. On Thursday 29 June a gentlemen's day was held near Urena at the home of Marinoto's manager Janine. Morning tea and lunch was enjoyed as was the movie the men watched in Janine's home theatre. A lovely day out. Thank you Janine and Jim for opening their home to the residents.

### St Andrew's Peace Memorial Church Centenary Celebrations (Graeme Sykes and Kath Freeman)

On Saturday 1 July the family and friends of the community of St Andrew's Peace Memorial Church in Inglewood celebrated the 100 Year anniversary of the opening of the historic church building. It was a joyous occasion where they celebrated the past history and talked about the future plans for restoration of the building to make it safe from earthquakes. The church was dedicated to those who had lost their lives in the First World War. A marble tablet inside the church contains the names of 137 men who died overseas. In November 2019 the church was closed due to being classified an earthquake risk. Parishioners provided a tasty range of crockpot meals and pies for the lunch and

There was a lovely cake made by Parishioners for dessert. What a great turnout from 80 people who responded. The current longest serving parishioner (Mrs Rozalie Kobby) and two fourth generation children (Ezra and Emma) had the cake. At the conclusion Graeme Sykes talked about the renewal of the Church to prepare it for another 100 years. This church is not only an Historic Place it is a Sacred Place. We want to strengthen it and repair it as simply as possible and meet today's user expectations. St Andrew's Peace Memorial Church was built in a period of local depression, illness, and tremendous loss of young men. This restoration will preserve the history and provide a welcoming place for the community. We will be seeking the support of the community in this project.

### Norfolk School Rippa Rugby (Hiah and Enyah)

This term Rippa Rugby was challenging and fun. We played in a big tournament in Inglewood and we made it to the final and then went! Okay our coach had to remind the boys to pass to us and when they did we won! The Champions event was at Yarrow Stadium and we played on the main field. It was a very slippery and tough but we did our best. Rippa Rugby is really fun and we get a day off school. It is cool to end up playing in a big tournament and get acknowledged.

**Inglewood Primary Rippa Rugby**

IPS played at the New Plymouth Rippa rugby tournament in June 2023 at Yarrow Stadium. IPS had lots of fun playing some tough games, coming fourth overall. Well done to all that played and made this a fantastic day Ka rawa tean.
