

Inglewood Cricket vs Rugby Match Set to Become Annual Event
Watching Day this year saw the first installment of what we hope will become a regular fixture on the Inglewood sporting calendar - the Inglewood Cricket v Rugby match, played at the ICC (Karo Park). A large crowd turned out to watch the spectacle, and they were well rewarded with a high-class display of entertainment. The match was held behind the idea of the day. O'Sullivan brothers David (Sully) and Bernard (Donat), were the coaches of the cricket and rugby teams respectively, both selecting very strong teams for the match. The lead up to the game involved some friendly cross code sledging between players, coaches, and supporters alike. Team Rugby won the toss and elected to bowl first. Team Cricket put on a very respectable 166 off their 20 overs. In reply, Team Rugby came out strong, chasing down the runs in just over 14 overs (just as predicted by Donat between innings).
A big thank you to our sponsors of the event, Energy City Vets, and St John's (who were unaware they were sponsors but were thankfully not needed).
As Sully alluded to in his after match speech, for a town of 4,000 people, Inglewood punches well above our weight in regards to the talent we have around the sporting fields, pointing out that in the 2014/2015 season we saw Inglewood win Premier championships in cricket, rugby and netball, a feat that had never been achieved before, but one we hope to emulate again in the near future with the support of our community.

Editors Comment
It's always heartening to hear visitors and new residents speak positively of our beautiful town on their stunning display of colourful baches, evening lights and the vibrant events we put on.
Sometimes it takes a fresh pair of eyes to help us appreciate what we have right here at home. Every compliment reflects the hard work, passion, and community pride that shape our town's character. Together, we create the vibrant, friendly place others admire - and it's something we can all be proud to be part of.

Help to Save the Inglewood Pippins' Unit (Louise Peets)
Spark your daughter's curiosity and confidence by joining Pippins, the youngest branch of GirlGuiding NZ! Designed for girls aged 5 and 6, Pippins offers a safe and supportive environment where they can discover their potential through play, friendship, and hands-on learning. The Pippin program is packed with exciting opportunities to earn colourful badges that celebrate new skills. Girls can earn badges ranging from Science Whiz and Super Builder to cultural honours like Te Ao Māori and Matariki. Whether they're exploring the outdoors as an Outdoor Explorer or learning about global citizenship through World Thinking Day, there is always a new adventure waiting! 2025 included a wide range of activities with a highlight being an indoor camp at Waitōkī. This is the perfect "first sleepover" experience, allowing girls to build independence and create lifelong memories with their guiding sisters in a cosy, secure setting. By joining Pippins, your daughter will learn the value of community, kindness, and "being prepared." Start her guiding journey today and watch her grow into a confident and young leader. Visit: girlguiding.org.nz/pippins/ to find a unit near you!

Record Numbers at Rotary Annual Charity Car Show (Chris O'Dowd)
On Sunday 1st February Inglewood Rotary Club held their Annual Charity Car Show at Inglewood High School. Fantastic weather with a record number of vehicular entries at 450+. Special display by the Land Rover owners in a mark of support of their special guest "Twenty". The Rotary Club were delighted to have Professor Julian Paton of Auckland University bringing along his own special Land Rover "Twenty" which was manufactured in 1948 in Solihull, UK. The beneficiaries of this year's event are The University of Auckland Heart Research Centre and local community projects. Professor Paton is raising much needed funds to produce a Heart Valve that will grow with their tiny patients to step seven operations a year per year. Thank you to Major sponsor Kevin Walsh from CSR, Custom Street Rides and the other 35 sponsors/supporters and volunteers on the day from the Mastering Club, Young Farmers and Rotarian families. It was a great day to celebrate 30 years of car shows from the beginnings in the Inglewood Railway yards. Thanks to all that attended and congratulations to those that won in their category. Join Inglewood Rotary Clubs Face Book page, see the photos, and you will be in the know for the next show in 2027.

Garden Clues with Sue
Feb-Friday brings peak harvest time in Inglewood, with vegetable gardens producing steadily. Now is the moment to pick tomatoes, beans, courgettes, cucumbers, lettuce, sweet corn, potatoes, spinach, radishes and eggplants to keep plants productive. Keep watering consistently during warm spells and thin excess foliage on tomatoes and cucumbers to improve airflow. Deadhead flowering plants to extend their display and remove any spent or diseased vegetable crops to refresh the garden for autumn. February is a month when crops can be vulnerable to pests and diseases. Some of the more common ones to watch out for are Aphids look for sticky residue (honeydew) or distorted leaves. Whitefly, often found on tomatoes and leafy crops; small white insects that fly up when leaves are disturbed. Caterpillars including cabbage white butterfly larvae; expect holes in leaves. Slugs and snails and Fungal diseases like powdery mildew, rot and thrive in humid spells; check crowded or shaded plants. So, look out this week in the garden - Happy gardening!

Sporting Trials (Suzie Hirst)
Sporting trials Taranaki held their first STNZ points round on Saturday on a property down Upland Road. Conditions were good with a slight shower of rain to make the steep hills a bit more challenging. 50 Hirs was back after a break due to health issues, but proved he hasn't lost any skills, taking out top honours. Kevin Silverwood from Cambridge made his trip down worth while to gain 2nd place and the ever consistent Steven Bridger was placed 3rd. A good turn out of B grade drivers including Kevin and daughter Erika Jensen from Tamarunui.
Results: A Grade: 1st: Sol Hirs, 20 points lost. 2nd: Kevin Silverwood 44, 3rd: Steven Bridger 45, B Grade: 1st: Peter Rolle 56, 2nd: Kevin Jensen 45, 3rd: Shaun Greig 109.

Keeping it in the Family
We've been having succession conversations with lots of farmers lately. And while the details differ from family to family, the underlying themes are often the same: fairness, clarity and wanting the farming operation to be sustainable for future generations.

Some families transition ownership gradually and use entities such as trusts or companies to do this, while others prefer a clean-cut handover. The right approach depends on the circumstances and what makes sense commercially and personally for all involved. We've seen a growing number of situations where a succession plan involves a shareholder or a lessee rather than a family member because none of the next generation are willing or able to take over the farming business.

Whatever the situation, it is always better to obtain some clear advice early if succession has been likely on your "to do" list for a while. If you are worried that your current succession plan is no longer fit for purpose, consider this your nudge, seek a free 30-minute consult with me and get the conversation started.

Cheaper, Easier, Safer: New Licence Procedure a Win for Rural Youth
By Barbara Kuriger, MP for Taranaki-King Country
For many young people in rural areas, a driver's licence isn't just a piece of plastic—it's their lifeline. It's how they get to work, training, school, and healthcare, often over long distances with little or no public transport. That's why the recently announced improvements to the driver licensing system will be warmly welcomed by rural communities. From 25 January 2027, the Government will overhaul New Zealand's Graduated Driver Licensing System (GDLS) to make it cheaper and easier to get a driver's licence. The changes are expected to deliver particular benefits for rural areas, where being able to drive is often essential for daily life. Under the new system, the total cost of getting a Class 1 car licence will drop by \$80, from \$362.50 to \$282.50. This saving comes largely from removing the full licence practical test for car drivers, cutting not only fees but also the time and travel costs involved in sitting tests—a real bonus for people who currently must drive long distances to reach a testing centre. Young drivers under 25 will spend longer on a learner licence—12 months instead of six—but they can reduce this to six months by logging supervised practice hours or completing an approved practical course. The aim is to give young people more real-world driving experience, including on rural roads where conditions can be more demanding, while still allowing motivated drivers to move through the system more quickly. Will safety be compromised? No. The restricted licence will be 12 months for under-25s and six months for those 25 and over. Restricted drivers who receive demerit points will stay on their restricted licence for an extra six months, reinforcing safer driving habits. A zero-alcohol limit will apply to all learner and restricted drivers, an important safeguard on rural roads where serious crashes can have devastating impacts on tight-knit communities. In short, these licence changes aim to make life easier and safer for rural drivers, cutting costs, reducing long trips for tests, and encouraging more real-world driving experience—especially for young people. With tougher expectations around safety and ongoing reviews built in, the new system is designed to open work and training opportunities while helping keep rural roads—and rural communities—safer and stronger.

Volunteer Fire Brigade Gets New Tools Thanks to Z Energy (Katie Scaur)
The Inglewood Volunteer Fire Brigade has strengthened its operational capability after successfully securing funding through Z Energy's Good in the Hood programme. The grant has been used to purchase a range of Milwaukee power tools, providing fire fighters with reliable, modern equipment to support emergency response and training. The new tools will play a key role in both rescue and support operations, particularly during motor vehicle accidents, storm damage callouts, and property care situations where speed and precision are critical. The cordless Milwaukee tools offer improved safety, portability, and efficiency, allowing crews to operate more effectively in challenging environments. Having this type of equipment on hand reduces reliance on external resources and helps crews respond faster when the community needs them most. The brigade extends its sincere thanks to Z Energy and the local community for their support.

Durham Women's Institute January Report (Christine Fitz Parks)
A handful of keen Durham ladies were available to see how their mini golf skills compared to previous outings. Inglewood mini golf course is the perfect venue when the day is scorching hot. There was a welcome light westerly and the laughter from the Inglewood swimming pools next door was a clear indicator where a large percentage of locals were seeking respite. Our top scorer, Val Young, was able to break 50 helped by two holes in one! We think she has an unfair advantage being a regular golfer; at least that's what we are saying. Vikas Hirs was not far behind. This year, pretty much all of our meetings will be during the day with the time and venue dependent on the activity. The move away from evening meetings last year has worked well for us and is especially favoured during winter months. If you are interested in coming along to some of our meetings to find out if it might be something you'd like to join, you would be very welcome. Please do call me on 06 756 8004.

Bowling Club News (Peter Van Dyk)
Inglewood Bowling Club won the Northern Division Men's Saturday Shield. They will compete against Tower (Southern) and Opunake (Western) in the final on 21st February to determine the overall winner. Inglewood is playing to retain the trophy for a second year. Congratulations to Vicki-Lee Kennedy who won the Women's Club Championship Singles this season. Congratulations also to Danny O'Sullivan, Bernard O'Sullivan, Viv Wilson and Chris Gyle who won the Men's Championship Fours in a thrilling final event won on the very last delivery of the game. On 7-8 February we held the Annual Spurdie Memorial Tournament with 18 teams from around Taranaki competing. The overall winners were Daryl Read, Carryn Hore, Kurt Smith and Adam Hill from Paritutu. The first round of our annual Business House Tournament was postponed due to inclement weather but got underway on Monday 9th February. It takes place every Monday evening until 16th March. Our annual Corner 2-Corner social tournament started on 6th February, it runs for seven weeks on Friday evenings at part of our regular 6th Friday social evening which starts at about 4.30pm. It is open to all members and guests present at the time. Contact a Club member if you are interested in finding out more or if you are interested in giving bowls a go.

Summer Smiles at Marinoto (Lyn Swee)

January began on a positive and uplifting note with sunny weather, smiles, and shared moments of enjoyment. With warmer days, outdoor walks and gentle exercise sessions have resumed, giving residents more opportunities to enjoy fresh air and companionship.

On 8 January, the Clinical Manager presented an engaging and informative talk on dementia, helping residents better understand its different types and effects. The session was well received and encouraged discussion.

A much-loved highlight continues to be visits from M-Whippy, with sincere thanks to Brent for bringing smiles and sweet treats. Residents also enjoyed a scenic country drive on 19 January, including a stop at Lake Ratzepko before travelling through Midhurst and returning to Marinoto. Dog therapy sessions with Adrienne and her friendly dog Gidget remain a favourite, while bingo, bowls, and newly introduced games continue to create fun and laughter. Visits from local schools and childcare centres add music and youthful energy to our home.

We are currently accepting bookings for Day Care services and Meals on Wheels. Please contact 06 756 7170. Upcoming Events: 6 March - Social Hour (4.30 - 6.00pm) 19 March - Age Concern Taranaki Session 1.30-3.00pm

Shield to Make Grand Entrance (Hudson Dagger and Kirsty Stoneman)

In a deliberate nod to The Greatest Show on Earth, Inglewood High School's Athletics Day, will see the Okeroa Shield make a grand entrance in a chariot. Specially built for the occasion, by Board Chairman Mr Cook, it will carry Head Girl Teagan Leslie and Head Boy Carter Lucinsky, marking a significant and symbolic moment for the school.

The idea originated when Miss Mabini light-heartedly commented to Mr Cook that it would be cool if a chariot could be used to carry the Okeroa Shield into Athletics Day. What began as a flippant remark quickly developed into a full-scale project when Mr Cook decided to bring the idea to life. With the help of four former students, Ian Schumacher and Steve Holland, a chariot was constructed. Three months later what had begun as a whimsical idea had become reality and now an "absolutely fabulous chariot" is set to make its inaugural entrance at our Athletics Sports on Friday. It's official unveiling and first outing will mark the beginning of a new school tradition at the same time as celebrating Inglewood's history and school spirit. constantia vinci

Tauran Kenny Mill Sings Elvis (Joy Fabian)

Hillsborough Museum

Tauran is a 21-year-old entertainer who has just taken out the highly prestigious Ultimate Elvis Tribute Artist title in Perth, NSW Australia. He competed against the top fellow Elvis tribute artists in Australia and is now off to Memphis, Tennessee to compete against the top Elvis tribute acts from around the world!!!

We are thrilled to have Tauran bring the magic and music of the 'King of Rock 'n' Roll' to the Hideshow Soundshell on February 28th 2026.

Supporting Tauran is Hoos Blues, a roots-blues duo from Taranaki, featuring Paul Coulton on harp and vocals, and Matt Surgeson on guitars and bass. There will be food trucks and a licensed bar on the premises, with no BYO alcohol. This event is set to be a hit for all ages!

Tickets for sale at eventfinda. Come along and enjoy an evening of great entertainment.

Paddock space available for self-contained motorhomes
