## Can You Help Corey?

Can You Help Corey?

In March 2018, the Keeling family had their lives flipped upside down when finding out that their 20 month old son. Corey had High Risk Neuroblastoms. Neuroblastoms is a very aggressive cancer of the nervous system and is most common in children under the age of five. Corey was institully taken into NAE at New Pymouth Base Hospital where doctors originally thought that Corey had a simple liver infection. An ultrasound was done on March 8 revealing something fair worse. A large mass was found in Corey's abdeman and he was ranked up to Starship extending the state of the state

and he would immediately have to go investigate the noise and wave at whoever was working

tractor dan he would minimiseately have to go investigate the noise and wave at winover was working countable. There is no cloud that Corpy will grow up to follow the dates host settles to consider the control of t terrible disease!

There are events being held to raise money to There are events being held to raise money to help with the expenses involved with Corey's treatment and his family's costs while away from home in Taranaki. The first one is at the TET Stadium on Saturday 16 June held by the Little Fighters Trust and Inglewood Rugby Club. There will be head shavings, auctions

and more.

The next event '18 hours for Corey' is being held at Rampage Fitness and you can help by taking part. All you need is a willingness to give some time on 24 June between 6.00am and midnight at Rampage Gym on Gill Street, New Plymouth. Rampage kindly offered their facilities so there was an all weather venue tacilities so there was an all weather venue and equipment to use. All they need is someone on a bike, treadmill or rowing machine for the IB hours. Can you spare IS—30 minutes? You just need comfortable shoes, no previous experience required. Each participant will have a sponsorship sheet and participant will have a sponsorship sheet and the more people you get to sponsor you the better it is for Corey's family. If you are interested in helping or would like to know more please contact Kaye Corlett on 06-7567052 or email kohete@farmside.co.nz. If you don't wish to participate but would like make a donation directly to the Keeling family the account number is: TSR 15-3946 0382007-00 Account name Corey Keeling

open that makes us realise that we was waiting in two lanes of cars at traffic lights happen that makes us realise data we are not in complete control of our in New Plymouth, when a motor-cyclist came lives nor the world we live in. Whether it be mother nature ripping through to cause damage and edistruction or some horrible disease that cause pain and suffering. If you to could you trailes. When you are out of riving a motor-cyclist rides just a few plate cause pain and suffering. If you to coulded your brailes. When you are out to the open road, motor-blikes where past cars on the open road, motor-blikes where past cars. We can prepare as much as possible to be a possible to be a possible to be a possible to the p

reception needs to show they are well in caught up with a group of cyclical analogue. It is a community effort for someone in need. Either way foll lies to other has your back.

We have a some of the community effort for someone in the community effort for the community effort for the community efforts and the community effort for the community effor job that I did as the whole peloton swung out to cross the bridge without even a glance behind to check if it was safe to pull out.

behind to check if it was safe to pull out.

Accidents involving cars and bikes usually result in the two wheel rider coming off worse. When there is a collision, the finger of suspicion usually points at the motorist. Quite rightly, motorists are told to look-out for cyclists and give them room on the road, but the cyclis ould also be more aware of the other traffic and the road code. After all, everyone in esponsible for their own safety
