## Marinotto Hospital Wing Opened

A fantastic achievement for the Inglewood Welfare Society and the Inglewood Community! The hospital wing is now open, from turning the first stone to operational in all 12 months, the transformation is almost unbelievable. It is said that the measurement of the quality of a community is best done by noting how well it cares for its own children, vulnerable and elders. Inglewood must have few peers in this respect. Local people can now stay within their own community, in their own rest home including hospital care which means not having to move away from friends and family. The outcome is thanks to the core funders Taranaki Electricity Trust and Value Timber and with the community raising \$250,000. The opening last Saturday was a very happy occasion, after Denise Loveridge (Chair of the Inglewood Welfare Society) had presided over the official opening with speakers Ken Bedford (Chair TET) and Barbara Kuriger (Local MP). Richard Jordan (Deputy Mayor) declared the wing open and with that Patricia Gall and Peter Anderson cut the ribbon. Guests were then treated to morning tea and guided tours of this highly impressive asset. The quality and fit out is first class and the WVS must be congratulated and complimented.

**Inglewood First Harvest Festival**  
(Katrina Knowles)

Harvest Festival time in Inglewood was a huge success thanks to the support of the Inglewood Community who came out on the day to enter the competitions, enjoy music and entertainment organised by Inglewood First.

Competitions included largest pumpkin, carved pumpkins, dressed pumpkins, scarecrows, pumpkin pies, decorated cakes and vegetable sculptures. The atmosphere was set with some great music by Frank John and Erin Manu, with marching girls, hip hop dancers and line dancers taking to the stage at various times throughout the day. Food trucks and 20 plus stalls selling all sorts of produce and trinkets, meant there was something for all who came.

A big thank you to the major sponsors Hammer Hardware who donated the pumpkin prizes and gave regular advice to the growers to ensure some amazing pumpkins were entered on the day and New Plymouth District Council. A free kids zone included zorbs balls and bouncy castle provided by Inglewood First along with some oversized games provided by More FM Taranaki 93.2 and there was extra lots of energy some free candyfloss was on offer from Carol and the team from More FM. Congratulations to all those who grew and entered pumpkins for the first ever Inglewood First Harvest Festival. Heaviest pumpkin winner went to Charlotte Bennett with her entry of 82kg. Heaviest School Pumpkin went to Puke Ariki with their entry of 4.6kg. They both won \$500 for their efforts. Well done everyone.

**Norfolk WI News**  
(Alison Paterson)

Monday 1<sup>st</sup> of April, on a pouring day with rain afternoon, ten Norfolk WI members met at Nola Verry's home for the April meeting. President Maureen Bunn welcomed them all, after they had discarded dripping rain jackets and umbrellas! North Taranaki President Dorothy Enright then arrived and presented Ellen Holt with her 50 year membership badge, with congratulations for all those guests of service given to Norfolk WI was surprised and pleased to be the recipient of this award.

Guest speaker was Isabel Rose who enthralled them with her recent safari trip to South Africa and Zimbabwe. Travel commenced from Cape Town and finished at Victoria Falls. Lots of wildlife spotted during this time, and one of the highlights was walking with the Lions. A beautiful afternoon tea was served by Nola Verry, Jill Turner and Dorothy Hart. Dorothy Enright spoke regarding upcoming projects for donating knitting, and an outline of the recent Federation AGM. More recognition received on the volunteer hours recorded by institutes in North Taranaki, so please keep up the good work.

**St Patricks School Town V Country Swimming**  
(Students)

The nerves were high. We were leaving to go to town vs country swimming sports. Waiting in the car it had taken forever, finally arrived in Stratford. The nine of us waiting for the races to start, and they were off butterfly. The race ran like clockwork and was over fast. Lots of great swimming to watch when you weren't in the race yourself.

The medley was the last race of them all. Everyone was lighting fast. All races had finished Country won 463 - 305. ATY we won the trophy back again.

**Meccano Convention Easter Saturday and Sunday**  
(Peter Wintour)

In 1901 Frank Hornby the World's first construction toy, 'Mechanics made Easy'. In 1908 rebranded as 'Meccano' the sets became the most desirable toy a boy could own. The Meccano system was based on sets, from basic entry level which could be built up via the addition of accessory sets to more complex sets. Each came with an instruction book describing the parts and directions required to build upwards of twenty different models, of considerable sophistication with the larger sets, up to the magical N10.

We will call when we are extra busy, or have regular staff away on leave. Register your interest with Foxy by email to [production@lanuova.co.nz](mailto:production@lanuova.co.nz)
